

Myotester Guide

1. Welcome Page: hit **I'm ready** to continue. (Fig. 1)

2. Information Page:

- a. Please **grant all permission** to ensure the functionality of the App. (Fig. 2)
- b. Make sure you enter all necessary information of the current test session. (You must do 3 groups for each weight, so select from 1 to 3) (Fig. 3)
- c. When finished, hit **confirm** to continue.

3. Workout Page: (Fig. 4)

- a. Hit **Demo-run** to check and familiarize the protocol with animated illustrations.
- b.
- c. Hit **START** (or use the **volume up button**) to start a group of real workouts. During the test, please **follow** the voice instructions.
- d. If you get fatigue or feel hard to follow the protocol, hit the **STOP** (or use the **volume down button**) to terminate the current group. (The process will stop after current workout finishes) (Fig. 5)
- e. When completing a group, please **select** whether the last workout is done properly or not. (Fig. 6)

4. Results Page: this group of workouts is finished, please **follow the time suggestions** shown to prepare for the next group of workouts. (Fig. 7)
